Columbia Basin College Nuclear Technology's scholarship program provides financial assistance to help meet the expenses of an education for qualified students. This is an application for Nuclear Technology scholarships ONLY. It does not take the place of a regular financial aid application. To apply for financial aid, you should obtain information and an application from your school counselor or the Financial Aid office at CBC.

Students need to reapply each year for CBC Nuclear Technology scholarships.

GENERAL INFORMATION

DEADLINES

The application deadline is **April 15** each year (or the following business day if April 15 falls on a weekend). Announcements of awards will be made in early summer.

WHO MAY APPLY

Any currently enrolled or potential Nuclear Technology student is eligible to apply. **Most scholarships are for full-time students (12 or more credits) maintaining a minimum grade point average of 2.5**. Be sure to complete the CBC admissions application obtainable in the CBC Admissions/Registration office and the Nuclear Technology program application available online at columbiabasin.edu/NT, if you are not already a CBC and/or Nuclear Technology student.

INSTRUCTIONS

It is the applicant's responsibility to see that all supplemental documents required with this application are submitted to the CBC Nuclear Technology office.

If at the time you submit this application you have completed only one quarter at CBC, please supply your high school transcript.

EACH COMPLETE APPLICATION MUST INCLUDE THE FOLLOWING:

- **Completed scholarship application form**
- **Grade transcripts REQUIRED**
- **Two letters of recommendation**

WHERE TO SUBMIT

All applications must be submitted to the CBC Nuclear Technology office in the CCTE building on the CBC Pasco campus, 2600 N. 20th Ave., Pasco, WA 99301-3379.

FOR OFFICIAL USE ONLY

- ❑ Application completed in full
- ❑ Traditional student
- ❑ Non-traditional student

Are you a relative of a CBC ❑ Classified Staff ❑ Faculty Member

Name of relative working for CBC:

_____

Are you a Running Start student next year?

❑ yes ❑ no

Are you dependent on financial support from parent(s)?

❑ yes ❑ no

Are you financially self-supporting?

❑ yes ❑ no

Name and address of your employer: _____

_____

List all high schools and colleges attended.

Include grade point averages, dates of attendance, and graduation **(include your present school)**. If you have attended college, indicate the number of credits you have completed through your last quarter of attendance.

School Attended	City, State, County	Degree Received	Total Credits	Dates From To	GPA

HONORS AND ACTIVITIES

TO BE COMPLETED BY ALL APPLICANTS

A. Honors and awards you have received

B. Community service activities and organizations in which you are or have recently been actively involved

C. Campus activities and organizations in which you are or have recently been actively involved

RECOMMENDATIONS

TO BE COMPLETED BY ALL APPLICANTS

It is your responsibility to obtain **two** recommendations from people not related to you and turn them in with your application or have each letter writer mail the recommendation to the Scholarship Committee, Columbia Basin College Nuclear Technology program, 2600 N. 20th Ave., Pasco, WA 99301-3379, by April 15. **Carefully select who will write your letter(s) of recommendation**. The more the individual knows about you, your circumstances, the challenges you have met, and your successes, the greater chance you will have to be selected for a CBC Nuclear Technology Scholarship. Please list the names of the people who are writing your recommendations.

1. Name _____ Title _____

   Address_____ City/State/Zip _____

   Relationship to you _____ Telephone _____

   How long have you known the person recommending you? _____

2. Name _____ Title _____

   Address_____ City/State/Zip _____

   Relationship to you _____ Telephone _____

   How long have you known the person recommending you? _____

PERSONAL ESSAY

TO BE COMPLETED BY ALL APPLICANTS

Attach, or in the space below, write a brief essay about yourself, including a statement about your educational and career goals and how you plan to achieve these goals. Please include any information which you think will help the Scholarship Committee reach a decision.

Please type.

I certify that the information in this application is complete and accurate to the best of my knowledge and I will notify the Scholarship Committee in writing if there are any changes.

I authorize the release of my education records for scholarship purposes. Records may be released in a personally identifiable form to other parties associated with the scholarship program.

I hereby authorize and direct the Financial Aid office at Columbia Basin College to send a copy of my transcripts at the end of every quarter to the Columbia Basin College Nuclear Technology program.

I understand that only completed applications will be accepted.

Applicant's Signature _____ **Date** _____

Nuclear Regulatory Commission
Scholarship Application 2013-2014
Supplemental Information

The purpose of the Nuclear Regulatory Commission (NRC) scholarship is to recruit, retain, and mentor students in the nuclear technology field so that they graduate to become career professionals and leaders in the nuclear power sector and government regulatory bodies for this industry. This scholarship is an opportunity to CBC's Nuclear Technology Program from the NRC in support of this purpose. Selected awardees will receive scholarship funding for the upcoming year. All students are highly encouraged to apply regardless of year in program or major focus area.

SPECIAL REQUIREMENTS: The NRC requires scholarship recipients to maintain satisfactory academic progress and serve six (6) months in a nuclear-related employment for each full or partial year of academic support. Recipients are required to sign the 2010 Trade School Scholarship Program Service Agreement. Prior to applying, please review the NRC's Service Agreement, which is included in this packet.

COMPLETE

Please print or type

1. _____ 2. _____
Applicant's Full Name (Last, First, Middle) Student ID Number (SID)

3. _____
Mailing Address City State Zip Code

4a. (_____)_____ 4b.(_____)_____
Home Phone Number Cell Phone Number

5. CBC email address:_____
** No third-party email addresses accepted. Inclusion of a third-party email address will result in an incomplete application.

6. Citizenship (check one):
_____U.S. citizen
_____National of the US (as defined in Section 101(a) of the Immigration and Nationality Act)
_____Alien admitted as refugee under Section 207 of the Immigration and Nationality Act
_____Alien lawfully admitted to the United States for permanent residence

7. Are you a Washington resident? Yes_____ No_____

Questions regarding the NRC scholarship can be directed to the NRC Project Director/Advisor, Rolando Garcia, at (509)-542-4601 or rgarcia@columbiabasin.edu.

2010 Trade School Scholarship Program
Service Agreement

1. This service agreement is required for all student recipients of scholarships (hereinafter referred to as the "recipient") funded by the U.S. Nuclear Regulatory Commission (NRC) through the Columbia Basin College Nuclear Technology program.

2. This agreement confirms the recipient's obligations to maintain satisfactory academic progress and serve 6 months in nuclear-related employment for each full year of academic support. The employment may be with nuclear-related industry, State agencies, Department of Energy laboratories, the NRC or other Federal agencies, or academia in the recipients' sponsored fields of study.

3. The scholarship recipient must:

   a. remain matriculated in the degree program for the field of study for which the scholarship was approved,

   b. maintain satisfactory academic progress in the recipient's field of study, and

   c. maintain a course load of at least 12 credit hours per semester as a full-time student in good standing.

4. If a recipient fails to maintain satisfactory academic progress, the scholarship will be terminated and the recipient could be obligated to repay the NRC the full amount of the scholarship/fellowship.

5. If a recipient receives any subsequent scholarship(s) through this program, the service obligation periods will be consecutive.

6. At the discretion of the NRC, the service obligation period may be delayed to allow the recipient to continue a subsequent degree program immediately following that sponsored under this program. For example, if a recipient receives a scholarship to earn a baccalaureate degree, he/she may request and be permitted to delay fulfilling their service obligation until after they complete a subsequent terminal degree program. Any such requests must be made to the NRC before a student enrolls in a subsequent degree program. If a student enrolls in a subsequent degree program before or without NRC approval, and the NRC does not subsequently approve the request, the NRC will not be held liable for any expenses incurred to dis-enroll, or for failure to otherwise meet the terms of this service obligation. Recipients only incur a service obligation to NRC for funded periods of study.

7. If the student receives no employment offers or does not accept any of the offers received, the student is not relieved of the service obligation, unless, pursuant to this service agreement, the student applies for and receives a waiver from the NRC. Implicit in the waiver request is data or explanation by the student that efforts to secure employment in a nuclear-related field were undertaken. This can be in the form of job searches, referrals, etc. Absent a waiver from the NRC, rejection of one or more job offers could trigger the service agreement obligation.

8. If a recipient voluntarily leaves the employment of an approved employer in a field related to nuclear power during the period of obligated post-academic service, the recipient may immediately become liable to the U.S. Government for repayment of the entire amount of the assistance provided under the scholarship for which the service obligation has not been fulfilled.

9. By accepting this scholarship/fellowship, I agree to provide the NRC with current contact information (address, telephone, email), and employment information, subject to the provisions of the Privacy Act, for as long as I remain under obligated service. This information will be used solely for the purposes of verifying appropriate nuclear related employment in compliance with the service obligation requirements of this service agreement. In accordance with the Privacy Act, providing this information is voluntary; however, failure to do so may result in removal from the scholarship/fellowship program and/or repayment of all scholarship/grant money received. Contact information should be reported to: eduscholar@nrc.gov.

10. By signing this agreement, the recipient certifies that he or she has read this agreement and agrees to all of the obligations it entails.
