Wireless Network Configuration for Android STAFF

NOTE: Read the numbered steps. Failure to read the steps may cause errors that require users to start over.

Images may vary in appearance due to differences in Android devices.

Procedure:

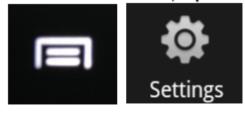

- 1. Select "Settings". Depending on your device, this may be found several ways, please try one of the following.
 - a. Tap the "Settings" icon on your home screen.

b. Tap the "Applications" icon then tap the "Settings" icon from the list.

c. While at the home screen, tap the menu button then tap the "Settings" icon

2. Tap "Wireless and networks"

3. If your "Wi-Fi" is off, tap to turn it on

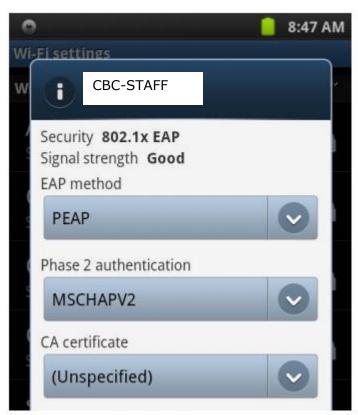

4. Tap "Wi-Fi settings"

5. Tap "CBC_STAFF"

- 6. Select "PEAP" as the "EAP method"
- 7. Select "MSCHAPV2" as the "Phase 2 authentication"

- 8. Type your **CBC login username** in the "Identity" field
- 9. Type your **CBC login password** in the "Password" field.

10. Tap "Connect"

Congratulations! Your device is now configured to use the CBC wireless network.
