**NOTICE:** For transferring students, 75 of the 90 credits must be fully transferable as defined by the Intercollege Relations Commission (ICRC) guidelines for the Direct Transfer Agreement to be honored by four-year institutions in Washington. A maximum of 15 elective credits may be professional/technical courses numbered 100 or above. Due to the specialized nature of many of the listed courses, students should consult their advisor and the catalog of the four-year institution to which they plan to transfer for specific degree requirements.

**DISCLAIMER:** During the period this guide is in circulation, there may be curriculum revisions and program changes. Students are responsible for consulting the appropriate academic unit or advisor for current and specific information. The information in this guide is subject to change and does not constitute an agreement between the College and the student.

- SSCI 290/291

Pre Major Courses (45-50 credits)

Pre major 1 (15 credits)
- Any Science based on program requirements or CHEM 161 for Engineering majors

Pre major 2 (5 credits)
- MATH 146 or MATH 153

Pre major 3 (5 credits)
- As advised for specific discipline/institution

Pre major 4 (15 credits)
- PHYS 134/135, 136/137, 138/139
- PHYS 241/231, 242/232, 243/233

Electives (Program Specific Under Advisement)
The remaining 30 quarter credits should be planned with the help of an advisor based on the requirements of the specific discipline at the baccalaureate institution the student selects to attend. For Engineering disciplines, these credits should include a design component consistent with ABET accreditation standards.

**Some baccalaureate programs require physics with calculus.
*** A single course cannot count in two areas.
Sequences of courses should be completed at one institution. Select courses based on the requirements or the specific discipline at the baccalaureate institution you plan to attend.
The Associate of Science degree does NOT guarantee that the student has met the general education requirements at the transfer baccalaureate institution.

NOTE:
- Required minimum credits 90.
- Required minimum cumulative GPA 2.0.
- At least one-third of the college-level, degree applicable credits must be taken at CBC.
- Depending on your major, some course choices may be more appropriate than others.
- Consult with your counselor or faculty advisor.
