Jim was a driving force in setting up the reserve academy at CBC for all the local police and sheriffs' departments. Jim had the respect from students, staff, and from the law enforcement community. Mr. Smith reiterated his support for the Forensic Lab being named to honor Jim Ownby. <p><u>Pete Overdahl</u></p> <ul style="list-style-type: none"> • Retired WSP trooper having served 37 years in law enforcement. Had the privilege of working with Jim Ownby. Jim led by example and worked with many men and women that either wanted to utilize their education in Law Enforcement or other aspects of Criminal Justice. His years as an instructor have left a permanent impression on those he taught and those who sought his guidance. He mentioned that CBC has a statue of Martin Luther King on campus, which represents the strength of a person who was devoted to his belief for mankind, and his belief that Mr. Ownby also represented himself in a manner which gave similar strength and guidance to those who came to this institution. Mr. Overdahl thanked the Board for their consideration of this request. 	<p>Chair Finke appreciates group coming to Board meeting in support of Jim Ownby memorial at CBC. This will be on the January 9, 2012 Board agenda under Discussion.</p>

<p><i>Reports, con't.</i></p> <p>Protected and Dedicated Funding for the CTC System</p>	<p><u>Yesenia Lazaro & Justin Bazinet (Ellie Cummins absent due to illness)</u></p> <ul style="list-style-type: none"> • ASCBC Leadership Council was set to go to Olympia to participate in the Student Voice Academy but had to cancel trip due to bad weather on the pass. Invited to Board meeting today to make their presentation. • <u>Protected and Dedicated Funding for the Community and Technical College System</u> • Community and technical colleges have become as essential to the production of the Washington State workforce as the P-12 institutions of years <u>past, but are not recognized in this respect, and thus funding for these institutions is discretionary and not protected.</u> In order to maintain and increase access to higher education, students request that legislation be enacted to protect student financial assistance programs such as work study and financial aid, as well as to create protected and dedicated funding for the Washington State Community and Technical College system, establishing a P-14 educational system. <ul style="list-style-type: none"> ○ Presented issue and how it is currently affecting our economy, discussed solution, and what they believe the legislators can do. ○ Ended presentation with what consequences of ignoring this problem might be. 	<p>For copy of full report contact Lupe Perez.</p>
<p>Discussion TACTC Legislative Action Committee</p>	<p><u>Trustee Mitchell</u></p> <ul style="list-style-type: none"> • Represented CBC at the Washington State Trustees Association of Community and Technical Colleges (TACTC) Legislative Action Committee (LAC) retreat on November 14, 2011. • Read the first two paragraphs of a November 17, 2011 e-mail message he sent to the other four Trustees and President Cummins, for their information and possible action. • <i>“Attached are electronic copies of the materials reviewed and discussed at this past Monday’s Community and Technical Colleges Legislative Action Committee (LAC) retreat I attended.</i> <p><i>The primary focus was on budgets and looming funding reductions; and what we should do about them. The first action we in Washington state are going to do is take selected students, and others, to Olympia to testify before the budget committees. I raised my hand and said CBC and I will support this action. I (we) now need to identify the appropriate students(s). Training will be provided on how to testify, etc. I have spoken with Reneé and Rich about this briefly over the last few days.”</i></p>	

<p><i>Discussion, con't.</i></p>	<ul style="list-style-type: none"> • Trustee Mitchell said the only action item that we (CBC) had done thus far was submit Ms. Rachael Tengbom's nomination package in response to a "call" for TACTC "Transforming Lives Awards" by December 16, 2011. CBC was the first TACTC college to submit its nomination package; good job. Beyond that, Trustee Mitchell had not followed up on the efforts by CBC. President Cummins said he had been working on several things including meeting with four or five of our local legislators and working with our CBC student leaders. • CBC Vice President Dr. Maddy Jeffs asked the following questions: (1) what are the dates of the meetings with the state legislature budget committees? (2) what are the dates of the training for our students that might go before the legislative budget committees? Trustee Mitchell said he could not answer those questions, but he would call Ms. Erin Brown, TACTC Administrator/Legislative Liaison the next day and ask those questions. Ms. Brown stated we will now work locally through our college presidents, except for a few selected students and trustees on the West side of the state who have already spoken before the state legislative budget committees and approximately 160-170 TACTC student leaders who met in Olympia the week of Nov. 21-23, 2011. The three CBC student representatives were unable to attend that effort due to the weather. The only thing currently scheduled is the general training for new trustees and the annual Winter Conference in Olympia on January 2012. <p>Ms. Brown said CBC has done everything we have been asked to do, "we are good." Students are getting actively involved locally throughout the state and that is very good. We need a local strategy; and we have a strong one at CBC.</p>
