

## Wireless Network Configuration for Android STAFF

**NOTE:** Read the numbered steps. Failure to read the steps may cause errors that require users to start over.

Images may vary in appearance due to differences in Android devices.

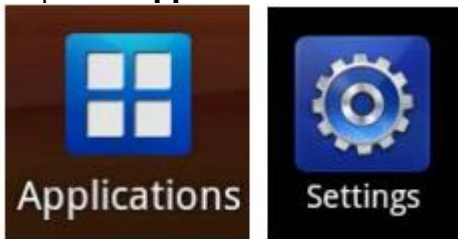

### Procedure:

1. Select "Settings". Depending on your device, this may be found several ways, please try one of the following.

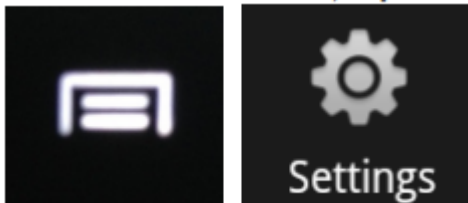

- a. Tap the "**Settings**" icon on your home screen.

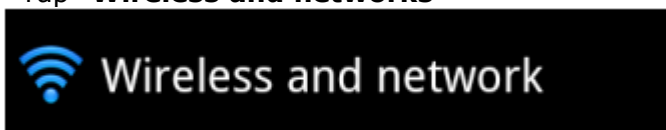

- b. Tap the "**Applications**" icon then tap the "**Settings**" icon from the list.

- c. While at the home screen, tap the menu button then tap the "**Settings**" icon

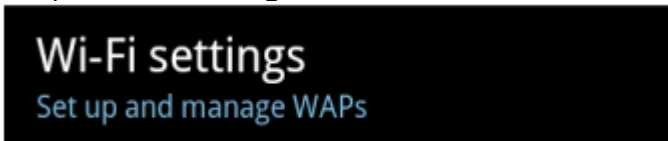

2. Tap "**Wireless and networks**"

3. If your "**Wi-Fi**" is off, tap to turn it on

4. Tap "**Wi-Fi settings**"

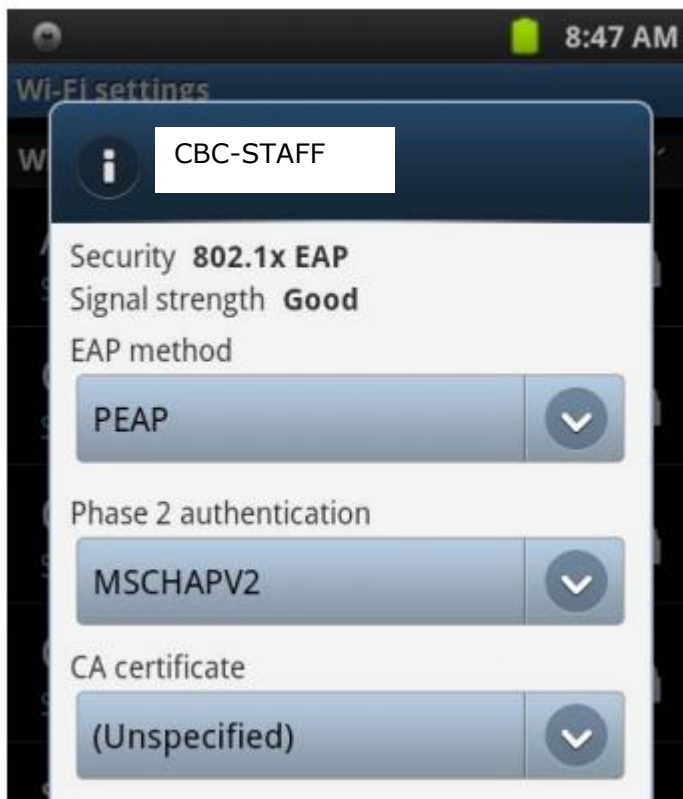

5. Tap "**CBC\_STAFF**"

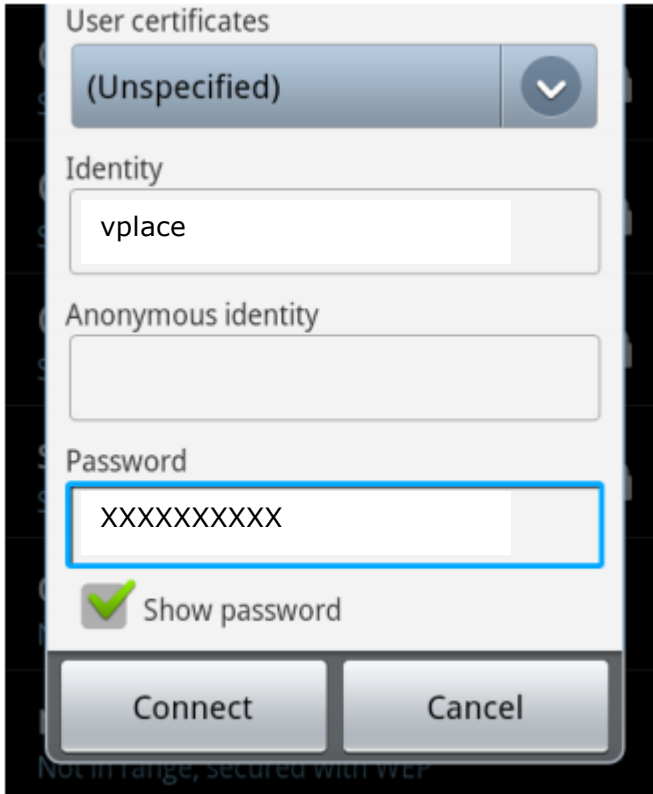

6. Select "**PEAP**" as the "EAP method"

7. Select "**MSCHAPV2**" as the "Phase 2 authentication"

8. Type your **CBC login username** in the "Identity" field
9. Type your **CBC login password** in the "Password" field.
