	<p><u>Trustee Armijo</u></p> <ul style="list-style-type: none"> • Attended all of the Women & Men NWAACC games and they were pretty amazing. <p><u>Trustee Jackson</u></p> <ul style="list-style-type: none"> • Enjoyed games as well. Assisted Coach Guajardo at games. <p><u>Chair Mitchell</u></p> <ul style="list-style-type: none"> • 2/9-13/14 – Attended Association for Community College Trustees (ACCT) annual National Winter Conference in Washington D.C. as a Washington State Trustees Association of Community and Technical Colleges (TACTC) Legislative Liaison Co-Chair. Duke is one of two liaisons. Stressed importance of expediting Trustee appointments. Learned from other attendees to maybe reschedule future February meetings to third week of the month because of issue with lack of quorum. • 2/25/14 – Viewed CBC faculty art display at CBC Fred Esvelt Gallery. Great art! • 2/25/14 – That same day viewed local area high school student’s art display at CBC Gjerde Center. Again, great artwork; some very creative. One of Trustee Mitchell’s nieces from Richland High School had four paintings on display; again, very good art work! • 2/28/14 – Attended WSU-Tri-Cities monthly Advisory Council meeting as the CBC representative. • 2/28/14 – Attended Northwest Athletic Association of Community Colleges (NWAACC) Kick-off Banquet along with Dr. Cummins, the CBC Men’s and Women’s basketball players and coaches at the Convention Center. • 3/4/14 – Attended the NWAACC basketball men’s and women’s championship games; along with many CBC students, faculty, staff, administrators, friends, and family members. The CBC women won the NWAACC basketball championship for the fourth time all-time, all under the leadership of Coach Cheryl Holden (2005, 2008, 2012, 2014). Congratulations CBC Hawks women! Congratulations Coach Holden!!! 	
<p>Student Success Completion Coaches</p>	<p><u>Pat Campbell</u></p> <ul style="list-style-type: none"> • CBC has been focused on student retention, and an extension of Hawk Central “Completion Coaches” has been developed to reach out to disengaged students, or students thinking of attending CBC but haven’t. Pat Campbell, VP-Student Services introduced Lane Schumacher, Assoc. Dean-Counseling/Advising/Outreach and the three new Completion Coaches: Melinda Carmona, Daphne Lightfoot, and Elise Leahy. • Completion Coaches will coordinate and facilitate a proactive aggressive call out program targeting students who have indicated interest in seeking a degree at CBC but haven’t. Looking at resources for student success. 	
<p>Reports Access Monitoring</p>	<p><u>Joe Montgomery</u></p> <p>The performance of CBC on the Academic End State was evaluated by measuring outcomes on the goals and their associated indicators. The main findings include:</p> <ul style="list-style-type: none"> • Goal A: Students Demonstrate Progress. Fall-to-fall retention rates have reached the highest levels in 10 years and Hispanic student retention rates have also risen. Student success rates on English courses were high while math courses were generally lower, but showed some improvements from last year. Performance on the Student Achievement Initiative (SAI) was mostly moderate, with one area receiving a high rating. • Goal B: Effective Learning. Student ratings showed high levels of achieving Student Learning Outcomes (SLO) and educational and personal growth. Students also rated the quality CBC education highly. Additional data showed positive outcomes for the SLOs, critical thinking 	

<p>Workforce Monitoring</p>	<p>and effective communication, and in particular showed student performance increasing with greater credit accumulation.</p> <ul style="list-style-type: none"> • Goal C: Effective Teaching. Student perceptions of classroom engagement and interactions with faculty were very positive. CBC had moderate performance in terms of teaching workload taught by full-time faculty (as compared to part-time faculty and moonlighting staff). • Goal D: Quality Educational Programs. The transfer rate for CBC students was in the good performance category at just over 17 percent and the overall average cumulative GPA of CBC students who transfer was 3.13. • Goal E: Quality Support Programs. Students had generally positive perceptions of student support services and various aspects of the learning environment at CBC. Over 75 percent of student survey respondents felt that they had been placed appropriately into math and English courses by the COMPASS placement test. <p><u>Joe Montgomery</u> Overview of Workforce Enrollment Trends</p> <ul style="list-style-type: none"> • Workforce enrollments have demonstrated very gradual changes over the past 10 years • Enrollments slowly rose from 2005 to 2009, then, declined gradually over the past four years. • Workforce enrollments have declined by 2.4% since 2003, compared to an increase of 26.6% for academic enrollments. • Last year (2012-13), Workforce annualized FTEs were 22.3% of the total for CBC, compared to 56.8% for Academic enrollments; Academic FTEs were 2.6 times higher than Workforce. • Since 2008-09, Hispanic Workforce FTEs declined by 0.7% while White Workforce FTEs declined by 18.9% • This year's assessment of performance on the Workforce End State resulted in an "A+" rating for the second year in a row, based on achieving "Good" performance on all of the indicators. Additional effort will be placed on providing more accurate completion data related for each of the Workforce programs. <p>Trustee Gordon commented on how impressed he is with these reports. Chair Mitchell shares same feelings that this is real good information and he is sharing this with K-12 administrators.</p>	
<p>Bachelor of Science Nursing Proposal</p>	<p><u>President Cummins</u></p> <ul style="list-style-type: none"> • Mary Hoerner, Kim Tucker, Cindy Walker, and Pres. Cummins presented at the initial State Board hearing on CBC's proposal to offer a BSN degree. • This new path would add one year of curriculum in health, research, ethics, and leadership to the current three-year degree composed of one year of prerequisites in science and general education followed by two years of didactic and clinical instruction. • Though our Associate Degree in Nursing (ADN) graduates become RNs by taking the same national board examinations as the nation's BSN students, entities such as the National Institute for Medicine and others are calling for 80 percent of US nurses to have a BSN by 2020. Since most hospitals and other employers are likewise calling for this new level of credential, we feel it is imperative to provide a community college pathway to our community. • The State Board agrees, and so do the other medical education providers in our region. We 	

Fiscal Indicators	<p>received strong letters of support from WSU, YVCC, and Walla Walla Community College.</p> <ul style="list-style-type: none"> • CBC proposes to start the program in the fall of 2016, when it will become our fourth baccalaureate degree. <p><u>Bill Saraceno</u></p> <ul style="list-style-type: none"> • Right on target. Waivers are higher this year. • Next July, Social Science building is being funded.
