

DATE: July, 2005
TO: All College Divisions/Departments/Programs
FROM: Bill Saraceno, Vice President for Administration
RE: Assumption of Risk and Medical Consent Forms

The general release waivers and special power of attorney forms previously used by the college for instructional field trips, off-campus travel, and college sponsored student activities will no longer be used by the college. Recent research by the Attorney General's Office concludes that general releases from liability are unenforceable and are against public policy. It has been recommended by the AGO that the college use **Assumption of Risk forms and Medical Consent forms**. The AGO has authorized the use of the attached forms, which will supersede all previous risk forms.

We are implementing the use of these new forms immediately. They are available as a PDF document for divisions, departments and programs to print and use as per the directions on the attached pages. You can save this PDF document as your own file to print these forms as needed.

As in the past, these forms are to be used for students participating in off-campus travel (including instructional field trips) and college sponsored student events, where students participate in activities that may be "inherently dangerous".

Questions regarding the use of these forms can be directed to the Office of the Vice President for Administration, ext. 2703.

ASSUMPTION OF RISK AND MEDICAL CONSENT FORMS
For use with Travel and/or Facility Use**

PROCEDURE UPDATES July, 2005

If you have any questions regarding the use of these forms, please call the office of the Vice President of Administration, Ext. 2703.

Faculty or Advisor Staff – are responsible to obtain **Assumption of Risk** and **Medical Consent** forms for each student participating in those activities deemed to be inherently dangerous activities, (such as student field trips and college sponsored student events and activities) and indicate on **CBC Travel Authorization form** or **CBC Facility Use form** that they are on file. **Faculty or Advisor Staff must outline specific risks expected during travel or event activities on Assumption of Risk forms.**

If applicable to similar type of field trips, faculty members can use same Assumption of Risk forms for the Quarter, **but should make note** on all subsequent Travel Authorizations that the college approved Assumption of Risk and Medical Consent forms are on file.

College sponsored student events and activities require Assumption of Risk and Medical Consent forms per each event if deemed to be inherently dangerous and must note on the Facility Use form that those forms will be obtained prior to event.

Note: Both the Assumption of Risk form and the Medical Consent form need to be used for all participating students.

Additional non-staff adults (i.e. volunteer chaperones, etc) involved in inherently dangerous activities must also sign the Assumption of Risk form.

Divisions/Departments – after dean’s approval, indicate under “remarks” section of Travel Authorization form or Facility Use form that Assumption of Risk Forms and Medical Consent Forms have been collected, and send Travel Authorization form or Facility Use form on for further approvals and processing. **(Do not send Assumption of Risk forms or Medical Consent forms – keep them in your area).** Copy of approved Travel Authorization or Facility Use form will be sent to faculty or advisor staff. **NOTICE: Travel forms and Facility Use forms will not be approved without written verification that Assumption of Risk and Medical Consent forms are completed in full, signed, and on file.** **Signed Assumption of Risk and Medical Consent forms must be completed in full, signed and in the possession of the faculty or advisor staff prior to a student or non-student participating in an inherently dangerous activity.**

Assumption of risk forms and medical consent forms must be kept on file for six (6) years, according to Washington’s Community & Technical College System General Retention Schedule.
