ADDENDUM 1

SAFETY AND HEALTH INSPECTION REPORTS 2018			
Date	Area	Concern	Result
02/16	Library North Entrance	Lighting	Evaluate adding LED wall pack light
03/16	North H Parking Lot	Lighting	Currently being evaluated as part of overall goal to improve exterior lighting.
03/16	Pump House	Blind spot	Currently being evaluated to determine if large mirror will improve visibility.
03/16	Hawk Central	Spills	Caution signs to display, distribute to high traffic areas such as Hawk Central and Resource Center. Signs delivered to areas requested and the HR ES&H Consultant has 5 left for use in other areas as needed.
03/19	Bio Table in ASC	Power cord cover tripping hazard	Supervisor discovered power cord cover adhesive came off due to a recent move in the office. Clarified cord is not taped down, it is an official cover for power cord. Replaced adhesive and moved out of walkway.
04/20	Fitness Center	Cleaning of equipment	Confirmed with Fitness Center, users are asked to wipe down equipment after each use and staff deep cleans each piece daily (if not multiple times a day). The product used (Peroxide Multi Surface Cleaner and Disinfectant) is supplied by the maintenance department.
4/20	Walkway between L&B Buildings	Distance between curb and sidewalk a tripping hazard	Those specific areas are marked due to current construction, however other areas near T-building, the landscape gravel is not flush with the sidewalk. Based on WSDOT Chapter 1510, there is an allowance for snow removal.
5/18	CTE 2-55 gal drums	Evaluate proper disposal of material	Dana Steichen suggested having Clean Harbor test material and dispose. Michelle Stewart volunteered with coordinating efforts for proper disposal. Levi Yencopal met with Alan Harwood to have material tested and scheduled for pick up by Clean Harbor.
5/18	Flat rocks in landscaped area	Possible tripping hazard	Rocks placed to encourage those that cut through landscaped beds to walk on them versus the plants. Michelle Stewart suggested we put signs up that indicate new plants and not to provide a path away from the designated sidewalk.

07/20	North H Parking lot, speed control	Possible hazard	CBC motor vehicle regulations can be found under Campus Security & Safety. A new and improved walkway from the H Building to the bus stop is being addressed as a capital project.
07/31	Gravel/rock bank located next to the old tennis courts and basketball courts	Possible tripping hazard	Fitness Center staff suggested removing existing rocks and replacing with dirt pathway. However creating a dirt pathway might increase usage, creating a separate hazard especially when wet. The ES&H Committee has passed concern a long to Facilities for evaluation as part of other campus improvement projects.
