Professional/Technical Degrees and Certificates

If you are interested in completing a degree to prepare for employment in a professional/technical area, we offer degrees in programs ranging from accounting to welding. A two-year Associate in Applied Science (AAS) degree is widely recognized as a valuable qualification for employment. Interest in two-year professional/technical programs has actually doubled in size over the past decade, as more students realize that the contemporary workplace requires more than high school but less than a four-year degree to begin a career. In general, Professional/Technical degree programs are not designed for transfer to other four-year colleges or universities. Students interested in an AAS degree are advised to consult with an advisor regarding program requirements. Please read and follow the instructions below.

Instructions

Purpose

Pursuant to the Internal Revenue Service (IRS) Internal Revenue Code (IRC) 6050S and 6051 the College is required to solicit and **students are required to provide Social Security Numbers**. Failure to comply with this requirement may result in civil penalties, assessed by the IRS. The purpose of providing Social Security Numbers is for the issuance of Form 1098-T, Tuition Payments Statement. The College reports the amount you paid for qualifying tuition and fees to both you and the IRS on Form 1098-T. The 1098-T contains information related to claiming a tuition and fee deduction, the Hope Scholarship credit and/or the Lifetime Learning Credit on your taxes. The College also uses Social Security Numbers to verify enrollment, degree(s) and transcripts, administer financial aid, collect student debt, and conduct research. The College will only utilize your Social Security Number in a manner that does not permit personal identification of you. The Social Security Number is confidential and, pursuant to state law (RCW 28B.10.042) and the Federal Family Educational Rights and Privacy Act (FERPA), will not be released and only used as stated above.

Part I

You must complete this part.

How to get an SSN or ITIN. To apply for an SSN, use Form SS-5, Application for a Social Security Card, that you can get from your local Social Security Administration office. Part II

Please sign and date indicating the student is providing a SSN or ITIN.

Part III

Misuse of SSN or ITINs. If the requester discloses or uses your SSN or ITIN in violation of Federal law, the requester may be subject to civil and criminal penalties.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct SSN or ITIN to persons who must file information returns with the IRS to report certain information. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation and to cities, states, and the District of Columbia to carry out their tax laws. The IRS may also disclose this information to federal and state agencies to enforce Federal nontax criminal laws and to combat terrorism.
