

# PETITION FOR EXCEPTION TO DEADLINE (PED)

## Tuition, Fees, and/or Withdrawal

The Petition for Exception to Deadline (**PED**) is a formal request for an exception to a published College policy. It can be approved only when the circumstance for the request is due to illness, death of an immediate family member, military service, hardship, or when there is documented evidence of institutional error. The **PED** will only be considered if the request is accompanied by appropriate documentation to support the circumstance. It is the student's responsibility to follow the **PED** procedure guidelines to: a) communicate clearly in a typewritten personal statement stating the grounds for the appeal; b) provide the appropriate documentation and; c) submit the **PED** no later than one quarter following the quarter in question. A response will be issued via your CBC student email address within 15 instructional days. Therefore, students must have an established CBC student email account before submitting the petition.

## **PERSONAL STATEMENT**

All **PEDs** *require* a personal statement with sufficient information supporting the selected exception category. An exception process exists because situations may sometimes occur which cannot be avoided or predicted. However, when filing an exception, you must remember that you are asking CBC to make an exception to a College policy. In order for the College to determine whether your situation qualifies for consideration of an exception, you will need to provide sufficient detail and documentation to support this request. Within the next few pages, please provide the pertinent information related to your situation. This petition must be typewritten and is limited to the number of characters you may type in each section.

### **The "Introduction" Section**

Briefly state what you are requesting. For example: "I missed the withdrawal deadline because I was extremely ill and was hospitalized. I wish to be withdrawn from all of my classes." (maximum 300 characters)

### **The "Detail" Section**

Provide sufficient detail about your situation to justify making an exception. Focus on the pertinent facts because you are limited in the number of characters allowed. Because you must submit documentation with this PED, please refer in this section to the documentation you are submitting with the petition. (maximum 866 characters)

## The "Conclusion" Section

Provide any additional information that may be helpful to the evaluator in making a decision as to whether your PED will be approved or denied. (maximum 300 characters)
