BEFORE YOU START

Ready to get started? To begin working towards the AA-DTA degree, you simply need to apply and be accepted to CBC. You can apply online at www.columbiabasin.edu.

ABOUT THE PROGRAM

The Pre-Veterinary Medicine emphasis at CBC is designed for students who want to become veterinarians. The doctor of veterinary medicine (DVM) degree, or its equivalent, must be earned to become a veterinarian. While the requirements below meet standards for many veterinary medicine programs, students wishing to earn the DVM degree must determine their veterinary schools of interest and complete the required coursework for those programs.

OUT OF CLASS TO DO'S

- Begin researching veterinary schools of interest early to be certain you meet their prerequisite course requirements and admission deadlines.
- Consider working with the CBC Career Services Center to find an internship, observation/shadowing experience, or a job in the veterinary medicine field.
- Visit the Academic Success Center for quiet study space, small group study, supplemental instruction and tutoring assistance.

CAREER OPPORTUNITIES

Students can use the AA-DTA to pursue a Doctor of Veterinary Medicine (DVM) degree or a Veterinarian Technician degree. Students can use the skills learned in these degrees in a variety of settings, including private practice, government, nonprofits, and in areas that require a background in comparative medicine.

FAQs

Class Times/Delivery Format

Classes are offered in a variety of formats, including in-person, online and hybrid.

Length of Program

Full-time students can complete the AA-DTA in two years. Veterinary programs leading to the DVM degree typically require an additional four years of schooling postbachelor's degree.

Which Quarter Can I Begin? You can begin any quarter!
