

International Baccalaureate (IB) Test Score Equivalencies AT CBC

4.60.52 International Baccalaureate (IB): Washington state community and technical colleges will award **unrestricted elective** credit for an International Baccalaureate (IB) score of 4 on standard-level or higher-level IB exams. Credit will be awarded on the basis of official IB results, not transcript notation. Credits granted for **general education or major requirements** will be specified by the **receiving institution's IB credit policies**; otherwise, elective credit will be granted.

Colleges may award additional credits based on local policies, when appropriate, but should not award course equivalency credit for scores lower than those listed on the Washington State Board for Community and Technical Colleges table.

The chart included on this page represents the course equivalencies awarded for each International Baccalaureate (IB) exam score at Columbia Basin College. *Students interested in transferring to a four-year university should check the requirements of their target school to determine the best way to use their IB exam credits.*
